Delta drainage, dt. 16.7.08.

ORDER :

The Engineer-in-Chief Telugu Ganga Project, Srikalahasti in his letter read above has stated that the S.E. Irrigation Circle, Nellore has submitted the 5 Nos of subject work estimates and reported that the Medium drains were improved to the standards during 1992-94 under APHM and ECRP programme with World Bank Aid. Since there is no maintenance to the drains, due to the lack of maintenance grant, due to heavy rains and floods occurring every year, the drains are almost silted up and formed weed growth. Due to this, the drains are unable to discharge the flood water. During floods, due to the above obstructions, the flood water is out flanking over the banks and inundating the adjacent lands, causing heavy damages to the crops. During the flood in October, 2007 , the flood water entered in several villages and inundated the fields due to the breaches and over flowing flood water. Detailed investigation work and preparation of estimates are entrusted to the private agencies. The private agencies have conducted detailed investigation and prepared the estimates amounting to Rs.438.00 lakhs. The estimates are prepared with current SSR 2008-09.

2. The Engineer-in-Chief, Telugu Ganga Project, Srikalahasti, has requested the Government that administrative approval for the above estimates may be accorded for an amount of Rs.438.00 lakhs for the above 5 estimates,

3. Government, after careful examination of the proposal of the Engineer-in-Chief , Telugu Ganga Project, Srikalahasti, hereby accord sanction for an amount of Rs. 438.00 lakhs (Rupees Four hundred and thirty Eight lakhs only) towards improvements to five (5) Medium Dains works ie., Veguru, Pillivagu, Aluguvagu, Chengalavagu and Dampur, under Pennar Delta Drainage system of Nellore District, in order to prevent further damages during rainy season, as indicated below:
